Dear Sir:

This Amendment is in response to the Office Action mailed on April 1, 2004.

This Amendment was not earlier presented because it responds to new objections and

rejections. The Amendment was also not earlier presented because it responds to the indication that certain claims that were not previously allowed now are deemed to contain allowable subject matter. Applicant is filing the current Amendment in order to overcome the objections. Applicant is also filing the current Amendment to amend several of the claims indicated to contain allowable subject matter into independent form so that they are allowable. Several dependent claims have been amended so as to depend on the newly allowed claims. Furthermore, claim 35 has been amended to further clarify Applicant's invention in view of the new rejection. Accordingly, the issues for Appeal have been reduced. In addition, it is not believed that the present Amendment will require a new search to be made on the part of the Examiner. Accordingly, please cancel claims 2 and 16 without prejudice and amend claims 3-7, 9-12, 15, 17-19, 21, 22, 35 and 36 as follows:
